

Rentals • Sales • Service

Centrally located for service in **Southern Ontario and the Golden Horseshoe.**

Our focus is on the rentals, sales, and service of Aerial Equipment, to include scissor lifts, boom lifts and forklifts. The true value is in the care and pride we have in our profession. It's what we do!

We can also act on your behalf in importing equipment, for purchase, from our integrated network of US wholesalers. Buy with confidence!

Rentals

We rent late model, CSA approved, aerial equipment. Scissor lifts from 12' to 50', electric and dual fuel, RT machines. Boom lifts from 30' to 135', straight or articulating, electric and RT machines, diesel and dual fuel. Forklifts, industrial and 4x4 telescopic, various sizes and capacities.

Allow us to talk you through the correct piece of equipment for your task at hand or consider an onsite evaluation to ensure the size and capabilities.

For the more savvy equipment rental customer, you will feel comfortable talking to our staff of experienced personnel. We know what you're looking for and understand the full capabilities of all equipment.

We are the professionals. It's what we do!

New & Used Equipment Sales

Refurbished Equipment

Our refurbished electric scissor lifts offer great value. At a fraction of the price of new, you will not be disappointed in what we offer.

Refurbished equipment will be clean and free from defect. Come with updated CSA annual inspection, 1 yr. warranty on batteries, pump and motor. Product knowledge for your users and we offer annual inspections for your upcoming, future needs done at your facility or we pick up and deliver.

We are continually updating our fleet. We offer used equipment sales of electric scissors, 4x4 scissor lifts, articulating and straight booms of all sizes.

Our forklifts get minimal usage. They are used as jobsite rentals, not for shipping and receiving facilities. Therefore, they are not over used or abused.

We stand behind everything we sell!

5000lb with side shift, non marking tires
\$8600.00**

Service

Service of your own aerial equipment. Annual inspections done from as little as \$270. Parts and additional service extra.

It's the law. You need an annual CSA inspection done on your own equipment. We offer on site or pick up and return of your equipment. NDT (non destructive testing) is also available.

Parts are available for your equipment. Our parts department is well educated in the aerial field and understands your requests or needs.

We also offer transportation of your own equipment from site to site, to your facility, to our facility for service or storage with the use of our tilt and load truck or drop deck trailers. Hourly rates apply.

Contact for any information, questions or concerns. sales@acmeaerials.com
